The European Union Forces (EUFOR) have accepted the responsibility to ensure continued compliance with the Dayton/Paris Agreement and to contribute to a safe and secure environment in Bosnia and Herzegovina (in Serbo-Croatian, Bosna i Herzegovina — ‘BiH’). As part of this peacekeeping responsibility, there is a need to maintain a constant vigil on any developing situations which could be disruptive to that effort. This requires that air reconnaissance assets be available to assess activities in the operational theatre and that associated surveillance assets are available to be directed against any suspect activities. The objective of EUFOR is to receive timely reporting data so that operational forces can intervene when appropriate to preclude any escalation of a potentially dangerous situation.
